This is a letter of recommendation re: Sculptress Lena Toritch of Young Fine Art Studios Inc.

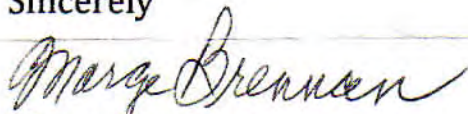

A couple of years ago , our family was searching for a Sculpting Artist. Our daughter, Kelly, had died in a car accident & my daughter Kristina and son in law Mark wanted to celebrate her life with a bronzed sculptured statue. She was to be the Guardian of Kelly's WhiteWater Park in Cascade Idaho .

This statue was to be a *Healing* statue for us & give celebration to her love for life. It was to be life size, created in Kelly's exact image, giving Serenity and Beauty to those who viewed her.

This was achieved !

Our Guardian Kelly has exuberated her warmth, engaging smile & peace with all those who venture by her. We thank Lena for this!!

Sincerely
